Our vision.

Our vision is to be the best scaffolding and rigging firm in Australia. Being the best means exceeding our clients' expectations. It means providing the highest quality, the best maintained and safest scaffold and rigging service to the Australian market.

Mission Statement.

Our mission is to deliver innovative scaffolding solutions in a creative, cost-effective manner whilst remaining focused on our motto - growing safely not quickly

We will achieve this by:

- ▶ Providing positive, inclusive and safe working environments for our employees based on team work, integrity and trust,
- ▶ Seeking and employing the best and brightest people and
- ▶ engaging with our Community using our time, resources and expertise.

PROJECTS.

www.highrisksolutions.com.au/

Gladstone HQ. Shutdown & Maintenance

- HRS has a Diverse Team; inducted in every Gladstone site, with the wealth of the experience in Shutdown, maintenance and Projects

- Currently stocks boiler kits, Geda hoists, Aluminium products and edge protection, as well as a full range of safety scaffolding equipment

- Cement Australia; Maintenance contract

- Continuous works for QAL, GPC and Rio Tinto

Rockhampton.

HRS has a yard in Rockhampton same as Emerald
The Rockhampton yard has a focus on the housing and commercial sector while also providing services to the local mines

- Shutdown Access Package

- Scaffold Erection & Dismantle

- Residential and Edge Protection

Emerald. BOWEN BASIN COAL MINES.

HRS has a base in Emerald, where we have local multi - ticketed scaffolders (advanced scaffolder, Riggers, EWP and forklift tickets) all with years of mines experience.

There is over 100 tonnes of gear a small fleet of trucks and fast access to the main yard in Gladstone

BMA - Blackwater, Continuous works - over the last seven years -

Kestrel Mine - Central Queensland: Maintenance Contract

- Gregory Mine; ongoing Scaffolding Works

- Local scaffolders and Riggers base in Emerald with Equipment all employees are diverse with EWP, Forklift and minimum requirement Dogman ticket

- Experience and Ticketed Team

What we deliver.

With over 2000 tonnes of scaffold available on hand and the backup capability when required, High Risk Solutions is your one-stop job for any size project. The High Risk Solutions team continuously strives to improve on the services and has implemented successful project teams for large, one-off projects. The development of such teams is possible through industry partners that work closely with the company. High Risk Solutions greatest asset is the ability to look at each job differently, often coming up with simpler, more economical solutions,

- ISO 9001 QUALITY CERTIFIED SYSTEM
- ISO 14001 ENVIRONMENT CERTIFIED SYSTEM
- ISO 45001 OCCUPATIONAL HEALTH AND SAFETY CERTIFIED SYSTEM
- AS/NZS 4801 OCCUPATIONAL HEALTH AND SAFETY CERTIFIED SYSTEM

We have moved to a Digital Era; Scaffolders and riggers can now do remote training from home or remote areas, and conduct Inspections online using our software package.

We also keep working on having a lasting, positive impact through our community contribution - to Soup kitchen, Ronal McDonald House, Daly's Boxing Gym, Emerald junior Rugby union, Clemont Bears seniors rugby league, south Gladstone Rotary and more. Whatever that future looks like; we will do our part.

High risk solutions

Is committed to Health, Safety, Environment and Quality excellence in all of our activities wherever we operate.

www.highrisksolutions.com.au/

-  **Human Capital**
Developing and Retaining Talent
-  **Natural Capital**
Protecting the environment
-  **Financial Capital**
Sustainable financial performance through value creation across human social nature and manufacturing capitals
