# ABOUT HIGH RISK SOLUTIONS

## ABOUT OUR COMPANY

HRS is an innovative company that has a reputation for delivering the goods the first time, providing access solutions through scaffolding, rigging, work at height safety, and specialist equipment. HRS has a proven record of building scaffolds in complex, difficult areas, where the competition were under the impression it couldn't be done. A One-stop shop for all access solutions.

Quality, Safety, environment and AS/NZ certified systems

9 years of experience

A local company with a local workforce

**Community and hard work; we keep working on having a long lasting, positive impact through our community contribution.**

# SERVICES

## ACCESS MANAGEMENT -SCAFFOLD

Highly skilled Management and Scaffolding team: wealth of experience, having worked extensively in Australia and overseas. Positive safety culture that runs through the team. Customised Safety solutions for shutdowns Certified HSEQ systems

- Scaffold Design Certification
- Shutdown Access Packages
- Project Access Packages
- Scaffolding Software Packages
- Residential and Edge Protection
- Breakdown and Emergency Response
- Down Day Scaffold Workshop
- Scaffold Erection and Dismantle Labour

HRS takes pride that we are the first scaffolding company in Central Queensland to utilise a boiler hoist in a boiler in Central Queensland. Utilisation of the hoist will eliminate a significant amount of manual labour, and manual handling, saving both time, and reducing risk. Instead of passing more than 65 tonnes of scaffolding components by hand, the hoist will replace the manual work.

# SERVICES

## INDUSTRY - PLANT AND EQUIPMENT

Innovative solutions eliminating risk (E.g. Boiler Hoist, Monorail), Immediate gear availability from local yard, • Boiler throat system

- Geda Hoists & Winches
- Boiler Kits / Aluminium Boards
- Temporary Fencing / Safety Nets
- Rigging Equipment
- EWP / Scissor Lift / Moffett, Forklift
- Boiler throat system
- AT-PAC / Modular / Tube and Fit - Gear hire
- Aluminium Handrail Systems Trucks and
- Aluminium Edge Protection

High Risk Solutions provides a variety of solutions using Geda hoists and winches, to reach and lift anything. GEDA offers a wide range of unguided and guided wire rope lifts. Different designs, load capacities and hoisting speeds as well as specifically developed load carrying devices make the compact lifts reliable and versatile helpers on the building site.

# SERVICES

## SKILLED LABOUR

HRS has a team of over 100 multi-disciplined scaffolders and riggers with a range of different expertise including:

Maintenance, rail, marine, industrial, fixed plant, mobile plant, Commercial, residential, building, mining and construction industry, boiler turnaround/outages, Boiler throat system

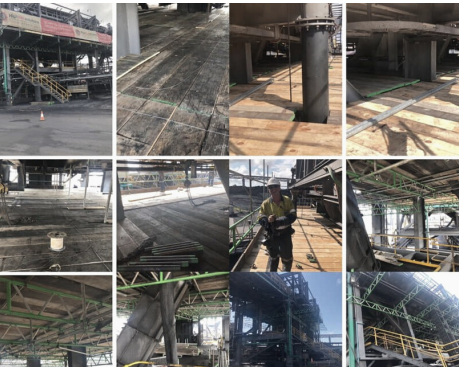

- Scaffolding

# SUSTAINABILITY PLAN

## OUR APPROACH

HRS HAS INVESTED IN INTEGRATING ITS HSEQ PROCESSES, TO PROVIDE A SEAMLESS MEANS OF WORKING TO THE HIGHEST STANDARDS. TO COMPLEMENT THIS HRS PRIDES ITSELF IN EMPLOYING INDIVIDUALS WHO EMBRACE THE ORGANISATIONS CULTURE AND THRIVE WITHIN IT. HRS HAS A COMBINATION OF ASSETS, SKILLS, AND RELATIONSHIPS WHICH PLACE US IN A STRONG POSITION TO FOR FILL THE EXPECTATIONS OF OUR CLIENTS

### COMMITMENT TO HEALTH, SAFETY

High Risk Solutions is committed to providing and maintaining a safe and healthy workplace for all workers (including contractors and volunteers) as well as clients, visitors and members of the public. Hazards and risks to health and safety will be eliminated or minimised, as far as is reasonably practicable.

Our goal is to provide a safe and healthy work environment that is free from workplace injury and illness. This will only be achieved through the participation, co-operation, and commitment of everyone in the workplace, as well as regularly monitoring and measuring HRS Health and Safety Systems.

We strive, with our employees and partners, throughout all our facilities, operational worksites and offices, to achieve the very highest safety standards.

### QUALITY

HRS Management places particular emphasis on the commitment and competency of its employees to continually improve all service delivery processes and, on the expertise, and reliability of its main suppliers.

Our quality management system demands effective and timely responses from our management team in order to achieve customer satisfaction.

We will regularly monitor and measure the performance of the management system by undertaking internal audits and inspections and by reviewing the progress made towards the implementation of individual quality objectives.

To underpin HRS Solutions commitment to Health, Safety, Environment and Quality, our systems are now certified

**ENVIRONMENT** - High Risk Solutions respects our relationship with the natural environment and its life-sustaining ecosystems and recognises the need to maintain and restore a rich biodiversity. HRS acknowledges the adverse impact that human activity can impose and takes actions to prevent degradation of our natural system, while supporting the repair and recovery of those systems.
